

Annual Report

July 1, 2022 - June 30, 2023

The mission of Association for Adults with Developmental Disabilities (AADD) is to provide education, discussion, and social learning activities that empower men and women with developmental disabilities to maximize their independence and life quality while supporting caregivers and increasing community inclusion.

A Note from Rachel

Dear AADD Friends and Family,

I am pleased to present AADD's Annual Report from my first full year as AADD's Executive Director. This year was more exciting than I ever imagined. Getting to know all our members and their families on top of loving my job every day has been wonderful. This past year, we focused on developing RAP sessions and creating meaningful lessons. We also returned to some favorite pre-pandemic trip locations, like Candelight Theater, as well as venturing to new places, like JRA and the Independence Seaport Museum.

Every trip and RAP group I attended this past year filled me with joy and inspiration. I am grateful for your support and look forward to an even more exciting future with AADD.

Sincerely,

Rachel B Kaufman
